## Margaret's Lettuce Salad

### Margaret's Fresh Garden Lettuce Salad

Fresh picked lettuce out of the garden

¼ chopped onion

Chopped chives

1/2 cup of ½ and ½

1/2 cup of sour cream

1 Tablespoon of Vinegar or more to taste

1 Tablespoon of Sugar

Pick lettuce from the garden and clean immediately. To clean, rinse lettuce in very cold water, and drain well. Break off tough ends, only using tender greens. (Lettuce can be cleaned and drained and stored in a zip-loc bag for up to 2 weeks) Drain well and place in bowl along with onion. In small bowl mix 1/2 & 1/2, sour cream, sugar and vinegar. Pour dressing mixture over crisp lettuce and chopped onions. Toss and serve immediately. This salad does not hold up well so eat up!
